RE: 2007-08 Membership

Please find attached the invoice for the 2007-2008 fiscal year. The dues for FSLRS and FEN are combined and remain unchanged since they were increased in 2004-05. As a result of your support, both organizations are fiscally sound, and no increase in dues is anticipated for at least the next two years.

Our primary purpose is to share information, and ideas and solutions to problems which we encounter every day in the field of employee relations. It is our intent to continue to hold regional meetings as we did this year in addressing the problem areas of STAR. The focus for the regional meetings this coming year will be on the implementation of performance pay and differentiated pay schedules. Regional meetings are free of charge for member districts. Of course, we will continue to hold the annual conference in May in Daytona Beach.

FSLRS will continue to provide services to superintendents, school board members and negotiators upon request. These services include assistance in selecting special magistrates and arbitrators, researching issues for individual member districts and assisting school districts in the implementation of new legislative initiatives.

I would like to take this opportunity to thank you for your support. Together, we have made significant progress for the benefit of students and school district employees alike.

Please call at your convenience if you have any questions or need assistance.
