MEMORANDUM

RE: 2018 - 2019 Membership

Please find attached your invoice for the 2018 - 2019 fiscal year. The dues for the FSLRS and FEN are combined and remain unchanged since they were last increased in 2004-05. Thanks to your active participation and support both organizations are fiscally sound. In fact we have repaid \$100,000 to each of our original sponsors (see two logos above). The third and final of three installments was made in January of 2017. Therefore, **NO** increase in dues is necessary again this year!

Our primary purpose is to share information, ideas and solutions to problems which we encounter every day in the field of labor relations and employment. FSLRS and FEN will continue to provide services to superintendents, school board members and negotiators upon request and via professional development. These services include conducting member requested surveys, researching issues for individual member districts, providing training through regional meetings, facilitating an annual professional development and technical assistance conference to enhance skills, and assisting school districts in the implementation of newly enacted legislation.

Please allow me to take this opportunity to thank all of you for your proactive involvement and ongoing support. Together, we continue to achieve positive outcomes for the benefit of our students, school district employees and their families.

Please contact our office if you have any questions or need assistance.
