RE: 2020 - 2021 Membership Renewal

On the following page you will find your invoice for the 2020-2021 fiscal year. The dues for FSLRS and FEN are combined and have neither changed nor increased since 2004-2005. Your active participation and consistent support is thoroughly appreciated and it has kept both organizations fiscally sound.

Our primary purpose is to share information, ideas, and solutions to problems which we encounter every day in the field of labor relations and employment. FSLRS and FEN will continue to provide services to superintendents, school board members, and negotiators upon request and via professional development activities. These services include conducting member requested surveys, researching issues for individual member districts and providing training through regional meetings. Additionally, your state association organizes and presents an annual professional development and technical assistance conference to enhance skills, and assist member school districts in their implementation of newly enacted legislation.

Again, thank you all for being proactively involved and for supporting your professional colleagues in so many meaningful ways throughout the year. Together, we continue to achieve positive outcomes that truly benefit our students, school district employees and their families.

Please contact Your FEN office if you have any questions or need assistance.
